History of Christianity - Which is the True Holy Apostolic Church?

Author : admin

I have many friends who are protestant evangelical Christians. I really feel sorry about them since,I myself had a period of confusion of which and where is the true Christian Church in the present age.
It took me few years and by God's mercy I came home in the mother Church the (Orthodox Church).
I truly hope that videos on this post would help to somebody out there looking for the true Church of Christ, to find Orthodoxy and return to the Holy Apostolic Faith.
Here are a few videos that will give you some insight on Church History, what is the Orthodox Church, Where is it, Who created it and why it's currently the only Church that teaches people on true Christianity.
