Marketing Planning

Yesterday and today we had Marketing Planning. from 08:15 until 16:00. The lecturer was a cool guy (a famous one) dr. Veselin Blagoev. If all of the lecturers teached us in that way all of us would become a good managers/businessman unfortunately that's not the case. Today our main goal was to prepare a marketing plan for a textbook at Marketing. In the evening I went out with Shanar e.g. (Niki) :). And we went to coffee to a coffee place called "Kukla" which means "Doll". Tomorrow morning in 05:00 o'clock we are going to travel to Bourgas because my cousing Gergana is getting married in the meantime in the morning before the ceremony we have to see a herb specialist to prescribe me some herbs.END-----
