"Christ is risen from the dead,  
trampling down death by death,  
and on those in the tombs bestowing  
life!"

Happy Easter to all my beloved readers. In relation to the Greatest feast of all times I wish to all my readers a lot of good health, a lot of success in all good, and a lot of love. Rejoice for the Lord and Saviour of mankind has been risen!

In Jerusalem the **Holy Fire** has descended from Heaven. For all Unorthodox Christians, it's important to note that the Holy Fire is the miracle confirming that the Christian Orthodox faith is the true ancient Christian faith in fulness!

Each year the Holy Fire descends from heaven and lights up the candle of the Patriarch of the Jerusalem

Church. This only happens on the Orthodox Easter! This is without question a great miracle and a very graceful act by which God shows us he has not left us behind.

Here is a video you can watch, where you can see the miracle happening as well as a discussion, is really the miracle real:

During the three days in which, we the Christians celebrate the glorious Resurrection of our Lord and Saviour. It's accepted that the ordinary "Hi" or "Hello" greeting we use daily, is ex-changed for "Christ is Risen!" :)

The word "Easter" used for the Resurrection 3 day feasts is also interesting as it comes from "Eastern" - (e.g. Eastern Orthodox Church) :)
