

## How to pass ITIL preparation - Dumps, PC and Mobile Android software to prepare

Author : admin

I'm just coming from my [ITIL \(Information Technology Infrastructure Library\) Foundations Exam](#). *ITIL Certification is mandatory for all HP employees* and everybody in my team already passed it. Thanks God I passed the ITIL as well with 87.5%.

To prepare for the exam I used **Dump files** (files with questions and answers given to people on previous exams) and software that simulates testing [Avanset Visual CertExam Manager](#) on PC as well as **VCE Exam Simulator for Mobile**.

**VCE Exam Simulator** is a test engine designed specifically for certification exam preparation. It allows you to create, edit, and take practice tests in an environment very similar to an actual exam.

ITIL exam was held here in [Sofia in Technologica EAD Study Center](#). *ITIL exam is kindly paid by HP and costs \$250*. ITIL Foundation is first level of certification next one is *ITIL intermediate*.

In order to prepare for ITIL it took me about half a day reading the [ITIL Dump files \(you can download them here\)](#) and 2 days of actively simulating the exams mainly with *VCE EXam Simulator* on my Android based mobile.

For those who want to become **ITIL professionals** and are *going to certify further in ITIL Intermediate*

I recommend check [all the ITIL Books covering the ITIL v.3 exam \(here\)](#).

If you have the time and you want to have in depth understanding on ITIL also [download and watch this ITIL Exam preparation Videos](#).

Here are also [ITIL Foundation v.3 Dumps for Visual Cert exam manager](#). By the way ITIL exam is nowadays is required for almost anyone employeeed in middle or large sized IT companies so if you still don't know anything about it and you're working or you will be working in the IT field take a look at. Lastly when I was looking for job offers I've noticed there are already plenty of companies who either require the candidate to have an ITIL passed or *count ITIL certified candidates advantageous*.
