

Watch Star Wars in Ascii via a telnet connection! :)

Author : admin

By accident, I've come across ***Towel.blinkenlight.nl***! You might be wondering what is so special with it? ;) Well some crazy guy seems to have recreated a whole Star Wars movie in ascii art!!! ;)

To kill some time and [enjoy some great ascii telnet to towel.blinkenlight.nl with a telnet client](#) (movie shows great also even using a regular Windows telnet client).

As I'm a great ascii fan I enjoy a lot, hope more people will **take the time to watch the re-created Star Wars Movie in ASCII !**. I'm eager to see if someone knows of any similar kind of movies, demos or all kind of stuff streamed via telnet :)

To give you an idea on what you will see by *telnetting to towel.blinkenlight.nl*, here is a short chop video:
