

A meaningless life - And Ulcer one Heavy Cross I have to wear

Author : admin

Suffering from Ulcer gives you so much pain and discomfort and makes you so irritated and nervous. That often you think what the crack, why I ever live. I don't want this suffering anymore but want peace and comfort, but I have to bear the heavy cross as the Lord Jesus Christ suffered even worse for our salvation.

Suffering from Duodenal Ulcer is one of the things I don't wish you to suffer from. I've been struggling with this disease already for years and at **certain times when you get worsened you get totally out of your mind!**

You can do a lot of things and say a lot of things which eitherwise wouldn't because of this terrible Ulcer disease but I pray the Lord to forgive me for I have hurted many people because of the sickness. People who suffer from Ulcers are more easy to irritating. Sometimes I wonder why I have to suffer with this Ulcer, after all I'm striving for the good and **believe in Jesus Christ who healed ALL kind of diseases**

...

I know i've done a lot of sins and break up God's commandment and I deserve to suffer but still its hard to accept..

Oh God have mercy
