

## GUI wep/wpa cracking through Gerix Wifi Cracker NG (GUI for cracking wireless networks)

Author : admin

I found a neat program that facilitates work on cracking a wep or wpa secured wireless network. The program is called

Gerix Wifi Cracker NG and is a part of the

[backtrack penetration testinglinux distro](#)

[Gerix Wifi Cracker itself is located here](#) , it's cool cause the author even has prepared a deb package with the nifty GUI wireless cracker

. The slogan of the soft is also a killer,it reads:

"The software that even your grandmother knows how to use!",

a bunch of nice granda's pictures are included as well :)
