Elder (Starets) Tadej Vitovishki explaining on the perpetual Grace of the Lord Jesus Christ and the Lord's prayer importance for daily Christian living - <http://s.pc-freak.net/url/323> Tateij Vitovishki is among the few true spiritual enlightened people of our time who had achieved the gift of never ending prayer Lord Jesus Christ have mercy on me the sinner. It is interesting that the Elder advises us to not worry about events in our life or what will happen as God will order everything in our life for our best. So the standard way of thinking we have that we need to work hard to buy apartments and cars and the never ending lust for money is something that will never give us rest or drive us closer to God, that's why the Elder says he doesn't worry about anything but just concentrates on prayer and believes God will provide him with everything needed. Amazing Elder, let him pray for us the sinners!
