

The Sign of the Cross

Author : admin

I've been on a holiday with my family for 10 days to a Place Called "Narechenski Bani". I'll further write more about it however I decided to post this because I just came upon an interesting picture taken on the road for a place near called Krystova Gora / Christ Forest. I've carefully looked over the picture to assure myself that the cross is not fake or a reflection from the front glass of the bus, however it's obvious that the cross is probably real [The Sign of the Cross](#). Moreover I have to add I remembered that the Holy Fathers and the Church teach that the Sign of the Cross would appear in Heaven before the second coming of Christ our Saviour and Lord. I have to praise God and thank him for all his mercies towards me. Bless you Lord!END-----
