

NCR CENTURY 101
MICRODIAGNOSTIC STATUS LEVEL 1B
AUGUST 1, 1975

The NCR Century 101 Microdiagnostic Program was verified on and is effective for C-615-952 units with change level 7 incorporated. The current versions of the Microdiagnostic Program segments are effective from this change level through those listed in the table below. These programs are not effective on C-615-952 units with Feature 40 or on C-615-954 units.

<u>SEGMENT NUMBER</u>	<u>SEGMENT NAME</u>	<u>VERSION NUMBER</u>	<u>CHANGE LEVEL</u>
1	MCR101S1	01	54
2	MCR101S2	01A	54

The Use Procedures were modified to clarify and correct some of the procedural steps.

The Error Directory was reformatted for clarity and completely regenerated to correct duplicate and erroneous entries.
